Yushulin Feng (Changzhou) New Decorative Building Materials Co., Ltd.

# About us

YuShuLinFeng (Changzhou) New Decorative Building Materials Co., LTD., founded in early 2019, we are located in China's south of the Yangtze River - Changzhou, Jiangsu, we are a product-oriented trading company, our company specializing in the production of EPS external decorative building materials and PU internal decorative building materials and other interior and exterior decorative materials, we have a professional design team and experienced R & D team, Can provide you with more beautiful decoration style and better quality, you are welcome to contact us.

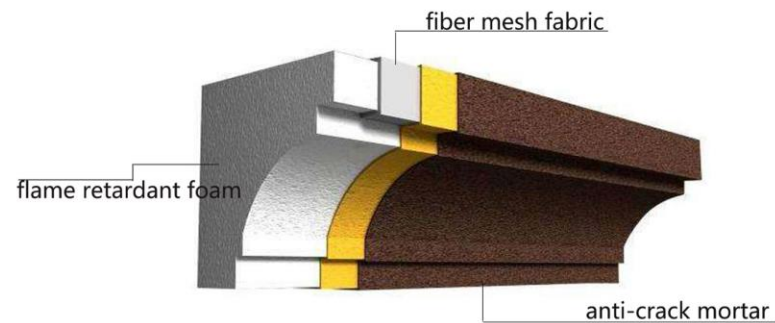

## PRODUCTION process

The best service gives you the best experience

# What are eps lines?

eps line is a new type of exterior wall decoration material made of polystyrene as the main raw material. eps decorative lines can be fireproof and will not emit toxic substances, is environmental protection of high quality decorative building materials products. It is a new type of exterior wall decorative lines and components, more suitable for installation, in the exterior wall EPS, XPS insulation, can not only reflect the European classical, elegant decorative style, but also to ensure that the main building exterior wall does not appear cold, hot bridge effect. It has the advantages of convenient installation, economy and long durability.
